

EDUCATION SPACES

KFI Studios' products are among the best value, high quality furniture available in the educational space category.

In business for over 25 years, our experience in stack chairs and pedestal tables has blossomed into a wide range of beautiful and functional products. Unmatched quality and value, plus an incredible support staff of real, live people make KFI Studios an easy choice for your educational, training, and makerspace needs.

Polypropylene finishes are found on many of KFI Studios seating solutions and can be easily cleaned with a diluted 10:1 water to bleach solution. Please refer to the Resources section of KFISTudios.com for comprehensive information on cleaning and care for KFI Studios products.

WORKWELL

Designed by KFI Studios

Pictured here are KFI Studios' Workwell tables with the best-selling Kool series. Workwell tables paired with power options make it easy to turn any space into a workspace. Available with a 4 or 5 point base, Workwell has 6 different table top options in varying shapes and sizes and versions are available in HPL or solid wood.

5-day shipping available.

IMME

Designed by KFI Studios

Peace and quiet are built in to our sled-based Imme chair, making it the perfect accessory in libraries, study halls, testing spaces or quiet rooms. Shown here in Coral, Imme's minimalistic style matches any architectural space and its gently flexing back makes it great for long stretches.

KOOL

Designed by KFI Studios

Gathered together – the Kool chair with available tablet arm is designed to support education spaces. Kool has 11 great seat and back color options which can be mixed and matched (seat and back) for customers who are looking for a design-inspired style at a price that leaves them pleasantly surprised. Available with black or silver frame

KOOL

Designed by KFI Studios

Kool chairs are one of KFI Studios' all-time best selling products and with its customizable options it's easy to see why. Create amazing spaces with solid or contrasting pairings of polypropylene backs and seats and enjoy a lifetime warranty on Kool's frame. Kool has 11 different styles and endless color and upholstery combinations. Weight tested to hold 400lbs, stackable up to 25 high, and available ganging and beam seating are just a few reasons to love the Kool collection.

KOOL

Designed by KFI Studios

They say great things come in 3s, but did you know they also come in 4s, 5s, and even more? Kool chairs have available ganging, helping you to create a comfortable and attractive lecture space, classroom, or waiting area. Enjoy a Lifetime Warranty on a KFI Studios classic.

DAILEY

Designed by KFI Studios

Creating individual spaces is easy with the Dailey Collection from KFI Studios. Available in sizes 42" square, 24" x 48" individual desk, 30" x 60" or 36" x 72" co-working space, the Dailey collection works seamlessly in a variety of Education space applications from cafeteria to work room. Add casters to make spaces even more flexible.

MIDTOWN

Designed by KFI Studios

Midtown tables are among the most customizable options in the entire KFI Studios' line up. Café, Counter, or Bar height, you can take Midtown to almost any dimension. Top options are available from 36" x 72" to 42" x 120" and 8 other options in between. Choosing the right size for as few as 4 people, or as many as 10, gathering to test, train and experiment is easy with Midtown tables.

OGEE

Designed by KFI Studios

A desk chair that means business. Perfect for administrative areas, computer labs or instruction centers, the Ogee chair is available in black or white frame with black upholstery and assembles in less than 20 minutes.

IMME

Designed by KFI Studios

Creating a space to design, invent, tinker, explore and discover includes seating that moves and adjusts throughout the process. With 10 different styles our Imme seating is up to the challenge. Without upholstery Imme ships in 48 hours.

PROOF

Proof, as in "Proof on Concept". Proof tables are among the hardest working tables in the entire KFI Studios' collection. Tried, tested and trusted, Proof is a versatile and dynamic option for designers and problem-solvers across all disciplines. Clean lines, a wide array of top sizes, laminates and even solid wood, Proof tables are ready to go the distance. Make a perfect match in any lab space with 13 different bases and custom orders are available.

MIDTOWN

Designed by KFI Studios

Midtown tables are among the most flexible options where comfort and strength are needed most. Pictured here at bar height, our Midtown table seats 8-10 people in this café setting.

METRO

Designed by KFI Studios

Makerspaces need durable options and Metro stools meet the mark. This stool option finds itself at home in places as varying as libraries to labs. Available in footstool, standard, counter and bar height. Metro's retro inspired look has natural, steel, solid wood, and upholstered seat options.

VOODOO

Designed by Q Design

Voodoo chairs exude modern personality and feature a padded PET fabric back. Extruded from recycled plastic bottles, PET is a form of polyester fabric which comes in 3 different colors, selected for KFI Studios.

ROQA

Designed by Q Design

Available in 3 different legs and pictured here in Moonbeam on light umber rockers, Roqa's playful personality highlights it's shape as a masterwork of design and function.

IMME

Designed by KFI Studios

Cafeteria and Multipurpose: Get more out of one space with dollied stack-chair options. Pictured here with Imme (stacks 25 high), KFI Studios has multiple stack chair options
